

Solar & energy-efficiency equipment that pays for itself

When it comes to cutting energy costs and reducing your organisation’s carbon emissions, choosing solar and energy-efficiency equipment makes sense.

With Smart Ease Payment Plans for solar panels, storage and other equipment, you can start saving instantly, take control of electricity costs and move towards sustainability goals.

Payment Plans for solar are as easy as 1, 2, 3.

1

Get solar equipment*

Apply for a Payment Plan in under 4 mins, get approved instantly** and pay nothing up front – so you can get solar equipment straight away.

2

Start saving energy

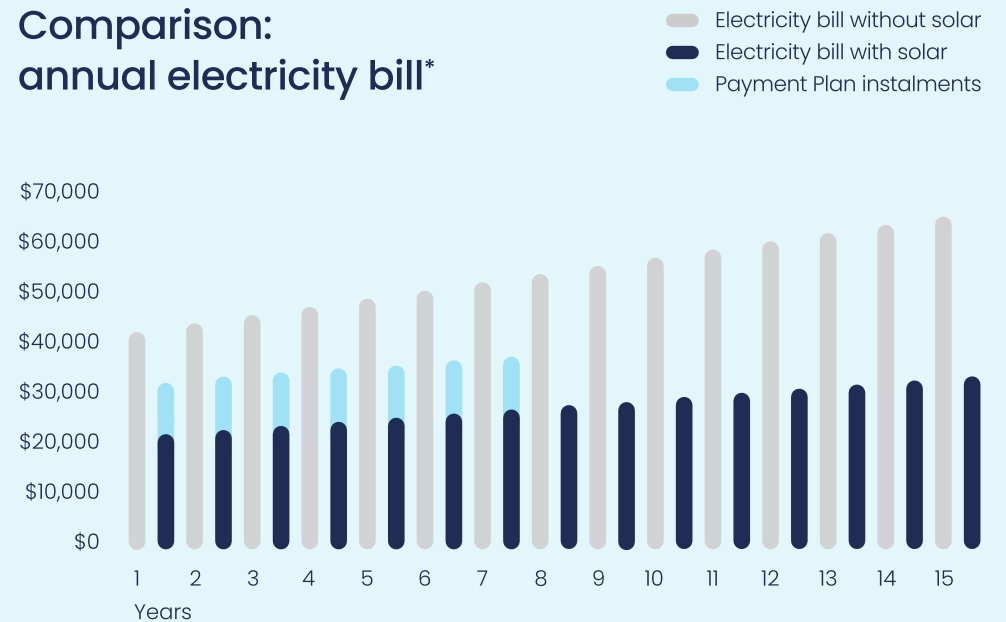

Once your solar equipment is installed, we pay your supplier – and you can start taking advantage of reduced energy costs from day one.

3

Enjoy a cash-flow positive position⁺

The savings[^] on your energy bill are typically greater than your Payment Plan instalments – making your purchase cash-flow positive.

Comparison: annual electricity bill*

* Indicative only

* May require a deposit payment to achieve a cash-flow positive position.

The Smart Ease difference

- ✓ No up-front payments
- ✓ \$150k instant approval*
- ✓ Competitive rates
- ✓ 4-min application & fast approval
- ✓ Up to 10 year payment terms**
- ✓ Lower energy bills[^]
- ✓ Stay on top of cash flow
- ✓ Tax benefits^{^^}

About Smart Ease

Smart and energy-efficiency technologies are vital for building a better future – for our environment, communities and for businesses too. These technologies need funding and that's where Smart Ease comes in.

When it comes to payment solutions for smart and energy-efficiency equipment, Smart Ease delivers competitive rates, fast approval and a dynamic, responsive experience. We provide a full suite of options, giving you flexibility and freedom to choose funding arrangements that suit your business goals.

* Subject to credit criteria and approval. ** 10-year terms available for payment plans over \$200k or in special circumstances. [^] Savings are indicative only and depend on several factors. Your solar specialist can discuss this with you. Smart Ease is a separate and unrelated entity to your solar and energy-efficiency equipment supplier and/or installer. Smart Ease solely provides payment solutions. Your equipment supplier and/or installer, not Smart Ease, is responsible for any regulatory approval, network connections, performance or service issues, product warranties or other benefits (as applicable) after installation. ^{^^} Seek independent financial advice to determine whether this applies to your organisation.

Equipment we fund

Solar power systems
incl. storage

Efficient lighting

Voltage optimisation
& power factor

Chillers, boilers
biomass, HVAC

EV chargers

Smart
technologies

“

Thanks to a Smart Ease payment plan, the project is cost neutral. So what we save as a result of the solar power, we will pay out in less than ten years.
